

Leavesden Green JMI School & Nursery Explorer Class Weekly Newsletter

10.05.2019

On **Friday 24th May** we will be having our whole school cross country event. Every class in the school runs a race (ours is a very short course!) It is a really fun morning and the children are very excited about you seeing them do their best running.

Please could all children bring in a pair of trainers to school in a named carrier bag to wear for our practices and the race itself.

The children have really enjoyed learning all about caterpillars and butterflies. We have read the story of The Very Hungry Caterpillar and made our own versions of the story. We have also enjoyed finding out more information about the life cycle of a butterfly. Our class caterpillars have already grown lots and are very active. Our beanstalks are also beginning to grow so there have been lots of exciting changes to observe and talk about this week!

If you would like to talk to your child about their learning this week, these video clips are a really good starting point to find out about how caterpillars grow and change.

Next week

We will continue our learning about The Very Hungry Caterpillar., this time focussing on Maths. We will learn about the days of the week, use the food that the caterpillar ate to practice our counting and order caterpillars by length.

We will also be continuing to keep a very close eye on our caterpillars and beanstalks as they grow.

The weather is very changeable at the moment. Could you please make sure your child has a cardigan or jumper and a coat with them every day so that we can make the most of our outside space even when it is a little chilly or damp.

*Many thanks for your continued support
Mrs Hall, Mrs Banks, Mrs Hayward & Mrs Escott*
