

# Leavesden Green JMI School & Nursery Explorer Class Weekly Newsletter

18.01.2019

## This week

We have really enjoyed the beginning of our topic about transport. This week we talked about our journey to school-how do we get here and what do we see on the way? We have started to look at **You Choose** –thinking about where we would like to travel and how we would get there. So far the favourite seems to be going to the beach and travelling by helicopter!

I have been so impressed with everybody's amazing listening skills in phonics! We are getting really good at remembering our **5 listening skills** and it has made such a difference to how well we have been able to listen to the different sounds we have made using instruments, objects & parts of our body in our lessons this week.

## Next week

We will be continuing to look at **You Choose**, thinking about where we would travel to if we could go anywhere in the world. We will think about what we would pack in our suitcase if we were going on a journey-what would we take and why? In Phonics we will begin to learn about **rhyming** words. Can we hear which two words sound the same? In Maths we will continue to focus on the numbers 1 to 5.

## Making vehicles

As part of our transport theme we will be making our own vehicles the week after next. It would be really helpful if you could bring in any junk modelling resources for us-particularly cereal boxes and lids that we could use to make wheels.

*Many thanks for your continued support  
Mrs Hall, Mrs Banks, Mrs Hayward & Mrs Escott*
