

Parent Newsletter

Friday 21st January

Dear Mums, Dads and Carers,

It's been an incredibly challenging week in school and I deeply appreciate your support in the implementation of our outbreak management plan. Upon introduction, we had 54 positive cases in the school community. Since the implementation we have had a further 16 positive cases reported and we are continuing to monitor the situation carefully. Despite there being a national easing of restrictions, guidance in schools is yet to change significantly. Since the Prime Minister's announcement on Wednesday, guidance has been updated and I would urge you to read the updates for parents and carers: [What parents and carers need to know about early years providers, schools and colleges - GOV.UK](https://www.gov.uk/government/news/what-parents-and-carers-need-to-know-about-early-years-providers-schools-and-colleges) (www.gov.uk)

Isolation

If your child is isolating, you can access their home learning on the Google Classroom. You can expect to find the following available for your child:

- Times Table Rockstars / Numbots
- Daily reading (please email if you wish to collect books from the school office for your child)
- Links to BBC Bitesize or any other helpful websites for Learning relevant to your areas of learning this half term
- A writing project
- Maths tasks

Your child's class teacher will email you on a daily basis to check in with you. Please check your emails every morning.

Halal

Just to inform you that the school meat is not Halal and therefore if your child can only eat Halal they will need to order the vegetarian option or Jacket Potato.

Parents Consultations

Parents Consultations are available now to book. If you are unsure how to book please contact the office.
