

Across our EYFS setting we will be exploring the following themes:

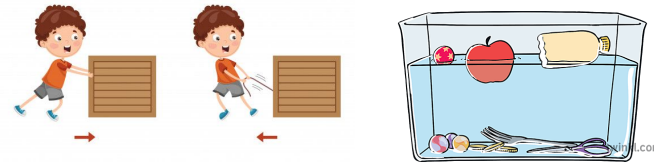

Habitats

We will be exploring and investigating:

- what a habitat is
- habitats within our environment
- comparing different habitats

How things work

We will be exploring and investigating:

- How everyday objects work
- What forces are
- What is sound and how it is created

Exploring music and how it makes us feel

We will be exploring and investigating:

- Different genres
- How rhythm, tempo and volume make us feel

Man-made and natural objects

We will be exploring and investigating:

- Identifying man-made and natural objects
- Their differences

We also aim to follow the interests of our learners. Look out on Tapestry for more of our exciting Learning Themes this term.

In addition to this in Reception, we will be learning to:

How to regroup numbers e.g. $7 = 3 + 4$ and $2 + 5$	What makes a good friend and how we learn.	Beginning to write simple sentences and longer captions
Whole school events such as cross country and sports day.	Finding the whole and missing parts	Learning to reread our writing to check it makes sense.
