Leavesden Green JMI School & Nursery
Reception Newsletter

11.01.2019

Good Afternoon.

We are very happy to have all the children back at school. We hope that you all had a wonderful rest and spent well-deserved family time together.

The children are getting back into their school routines and are growing in independence. We would like to please request that you allow your children to come into the classroom on their own. They are now established in what they need to do in the mornings. If they require any assistance we are happy assist them.

We are looking forward to a fun filled term.

Miss Alexander and Mrs Ioannou.

Weekly News

The children have really enjoyed being back at school and having their friends around them again. We have started the term by focusing on how each of them is special and unique. They are learning to see themselves and others in a positive way.

The children are becoming more aware that that they can choose to be kind and caring towards others. We are assisting the children to identify what makes them special. It would be wonderful if you could extend this to their home environments by talking to your children about what you think makes them special.

I am Special!

Coming up– Next in our learning…

We will be learning about Transport over the next few weeks. The theme will be integrated into all the learning areas. This will provide the children with a platform to explore and learn through different activities and practical experiences.

Please could we ask you to send empty boxes, yoghurt containers etc for junk modelling.

Phonics Learning

This week we have been doing revision of the sounds taught last term. Next week we will cover the following sounds: j, v, w and x.

The children are now being given reading books that will be kept in their Reading Journals. Please could we ask you to read them with your children?

Adventure Class will change their books on a Monday, Wednesday and Friday. Discovery Class will change their books on a Tuesday and Thursday.
